## Happy Holidays from Amarvelous Event

As the holidays approach and this impossible year finally comes to a close, *Amarvelous Event* would like to send you and your loved ones our warmest wishes. May the true spirit of the season fill your heart with joy and peace. Hope that your New Year is filled with good health, prosperity, and lots of love!

## Pantone Color of the Year

This past week, Pantone® announced the 2021 Color(s) of the Year: Ultimate Gray (PANTONE 17-5104) and Illuminating (PANTONE 13-0647). These two independent colors demonstrate how opposite sides of the color spectrum can come together to complement one another. The primary meaning behind this color combination is strength and hopefulness—a beautiful message to lead us into 2021. You will see this color duo throughout multiple industries including weddings and events, fashion, home furnishings, product packaging, industrial design, and graphic design.
